

12 FAH-7 H-680 SURVEILLANCE DETECTION (SD) EQUIPMENT

(TL:LGP-01; 08-10-2001)

12 FAH-7 H-681 INTRODUCTION

(TL:LGP-01; 08-10-2001)

The SDP uses a variety of equipment and clothing. DS/CIS/PSP/FPD recommends the SDP be equipped with the following:

- (1) Binoculars (full sized or compact);
- (2) Cameras (35 MM, digital, and possibly video);
- (3) Micro-cassette recorders;
- (4) Computer equipment and peripherals to process and analyze SD information on Department approved software;
- (5) Office equipment (copier, shredder, modest furniture, etc.);
- (6) Specialized equipment such as night vision goggles (NVG) and camera adapters; and
- (7) Miscellaneous items such as umbrellas, strollers, etc.

NOTE: Determining exactly what equipment is appropriate for any mission depends on local conditions. Generally, local guard employees engaged in surveillance detection efforts are in plain clothes.

12 FAH-7 H-682 FUNDING

(TL:LGP-01; 08-10-2001)

Funds for the SDP are controlled by DS/CIS/PSP/FPD. Initial requests for funds to start a SDP should be addressed to DS/CIS/PSP/FPD. The request should include a complete explanation of estimated costs, number and kinds of items required, a justification for each item, and the total estimated cost. Funds for subsequent years are included in the post's annual ICASS budget submission.

12 FAH-7 H-683 PROCUREMENT

(TL:LGP-01; 08-10-2001)

a. Vehicles required for the program are procured in accordance with the procedure outlined in 12 FAH-7 H-632 when provided under a commercial local guard contract. When the U.S. Government provides vehicles for this program, the procedures outlined in 12 FAH-7 H-633 - H-634 should be followed.

b. Posts using NPS contracts have the option of having the contractor provide and maintain the SDP equipment or use U.S. Government furnished equipment. If U.S. Government furnished equipment is provided, the post should use appropriate local purchase procedures to purchase all required equipment.

12 FAH-7 H-684 MAINTENANCE AND REPAIR

(TL:LGP-01; 08-10-2001)

a. When the contractor furnishes equipment or vehicles, maintenance and repair should be included in the contract as the responsibility of the contractor.

b. When the U.S. Government furnishes equipment or vehicles, maintenance and repair are the post's responsibility and should be accomplished in accordance with the appropriate regulations.

12 FAH-7 H-685 DISPOSAL

(TL:LGP-01; 08-10-2001)

Disposal of equipment furnished by the U.S. Government, which was used for the SDP, should be accomplished in accordance with 6 FAM 227, *Disposal of Personal Property*. **NOTE:** Night vision equipment may not be disposed of locally. Contact DS/CIS/PSP/FPD for disposal instructions.
