Hi Karen

Cheryl passed on the below and Huma mentioned you reached out to her as well. First and foremost, I want to make sure you have my work email; and my personal email is [redacted]

You can only imagine how maddening this is, the media at its very worse. Or more specifically, the Congress at its very worst being covered by the very worst of the media.

Would love your help as you find yourself on air. We're working on a few things, but in the meantime I've been addressing this by saying that they are nothing but vicious and disgusting lies that have no place in reasonable political discourse, and anyone who does so should be ashamed for trafficking in them.

As you can guess, I'd like to be less restrained. Since you can be, please feel free to open up on this poor excuse for a Representative as you see fit.

Sorry we only connect at bad times, but hope you're well and thank you again.

Philippe
